الفصل الأول

**Q1: Read the following texts, and then answer the questions follow.**

**Text (A)**

Being a mystery shopper is harder than some people think. You need a good memory and good writing skills (you have just twenty-four hours to write a 1,600- word report). The most important thing is to be discreet - you have to act 'normally' at all times, even when you're secretly watching people!

What do I like about my job? Well, the money isn't bad. I also enjoy the variety of being a mystery shopper - it's not always as enjoyable as the trip to Berlin but it's never boring. And finally, I sometimes go back to a shop I visited before. It's always great to see the service is better because then I know that my job is making a difference.

The job isn't perfect, of course. Some companies don't pay you (you just get a discount on something you 'bought'). And sometimes there is no work for many weeks. Mystery shopping is a good way to earn extra money but it's not enough to live on.

Another thing that Dan noticed was that people living in blue zones all seem to share certain habits in their lifestyles. They get exercise naturally by working outdoors. They stay fit by walking (not driving). And they sleep well (seven or eight hours a night, usually).

Finally, Dan found that the inhabitants of blue zones in all those different places around the world have a similar way of looking at life. They are generally optimistic. Community is very important to them.
