Q1: Read the text carefully and then answer the questions that follow.

Not many people have the chance to visit the North and South Poles. However, if you had the opportunity to visit the poles, they would appear similar - both are places of extreme cold.

If you went there in winter, you would probably experience severe snowstorms. However, both are also places of spectacular beauty, with their frozen landscapes of snow, ice and icebergs. If you went on a special adventure boat trip when you visited, you would be able to observe the unique wildlife of these places, like polar bears, penguins and seals.

You would be unlucky if you didn't see any seals. The polar bear lives in the cold, snowy Arctic lands in the North Pole. It has a thick layer of fat underneath its skin and this helps to keep it warm.

It also has a thick layer of fur all over its body including the soles of its feet, which allows it to swim in the coldest seas without feeling the cold. Beneath the fur the skin is black, so it absorbs heat. Polar bears are excellent swimmers. Their nostrils can close so they can swim underwater and between the ice floes to look for seals, their favourite food.

Unlike polar bears, penguins live in Antarctica. Penguins keep warm with thick skin and lots of fat under the skin. Penguins have dark-coloured feathers on their back, which absorb heat from the sun to keep them warm. Like polar bears, penguins are excellent swimmers. They have webbed feet and streamlined bodies for powerful and fast swimming. They have different diets, but in general, they all eat a variety of small fish.

1- What do the poles have in common?

.....

2- If you went to the poles in winter, what would you experience?

.....

3- The writer talked about the wildlife in the poles. Mention three examples.

.....

4- What makes polar bears swim in the coldest seas without feeling the cold?

.....

5- The dark colour absorbs heat faster than the light colour. How does that help these creatures to deal with cold weather?

.....

6- What skill do polar bears and penguins have in common?

.....

7- What helps a penguin swim fast?

.....

8- Find from the text the following.

- An adjective →

- An adverb →

- An uncountable noun →

- A preposition →

- A word which means “chance” →

- A word which means “something unusual and not repeated” →

Q2: Choose the correct answer.

1-What_____ you _____ if your father didn't give you money?

A- do / would

B- would / do

C- did / do

D- will / do

2-How about _____ to Aqaba? That's a good idea.

A- to go

B- go

C- are going

D- going

3- If I _____ you, I would think over about my decision.

A- were

B- was

C- am

D- be

4- Why don't we _____ something to eat?

A- having

B- to have

C- have

D- are having

Q3: Fill in the blanks with the correct words from the box.

flippers – nostril – webbed – plain – canyon- glacier

1-Related to the toes of animals being joined with thin skin _____.

2-A frozen river of ice _____.

3-A very deep valley found between two mountains _____.

4-A part of the body that sea animals use in order to swim _____.

5-A large land covered with grass_____.

6-The opening of the nose is called_____.

Q4: What would you do in these situations?

1- You forget your phone at home.

.....

2- Your best friend asks for money.

.....

Q5: Write a short paragraph describing a memorable trip.

.....
.....
.....
.....
.....

Wishing you best of luck
