Once, there was a charming, old tower on a steep hill near a village. It was built a long time ago and it used to be very popular. Many tourists used to come to look at the gorgeous paintings on the walls. But one day, people heard strange noises from inside the tower. Everyone was scared and ran away.

Two brave children from the village heard about the mystery and decided to explore. 'We're detectives,' said Nina to her brother, Jack. 'We'll solve this mystery!' They walked to the tower and they listened carefully, but they couldn't hear anything. 'Look!' said Nina. 'The walls are painted on the outside with bright pictures.' 'Oh yes,' replied Jack. 'They're beautiful. Look at those animals. I can see pictures of horses and cows. Let's have a look inside.'

**The Mystery of the Missing Necklace**

It was a rainy evening at the Blackwood Mansion, and the family was hosting a big party. Everyone was having fun until the host, Mr. Blackwood, realized his diamond necklace was missing. The necklace was very valuable, and no one knew where it had gone. Detective Olivia James was called to solve the mystery.

Olivia started asking questions. She talked to Mr. Blackwood, who said he had been standing by the fireplace when the necklace disappeared. Olivia also spoke to Claire, a guest, who seemed nervous, and Tom, the gardener, who had been outside earlier. While looking around, Olivia noticed the mirror was crooked, and there was a smudge on the window. She got an idea and went outside to search. She found Tom hiding in the garden with the necklace in a box.

Tom admitted he had stolen the necklace. He thought no one would find out. Olivia returned the necklace to Mr. Blackwood, and Tom was taken away by the police. The mystery was solved, and the party could finally go on. Detective Olivia James had caught the thief!
