READING

Q1-A: Read the text and answer the following questions:

Not many people have the chance to visit the North and South Poles. However, if you had the opportunity to visit the Poles, they would appear similar – both are places of extreme cold. If you went there in winter, you would probably experience severe snowstorms. However, both are also places of spectacular beauty, with their frozen landscapes of snow, ice and icebergs. If you went on a special adventure boat trip when you visited, you would be able to observe the unique wildlife of these places, like polar bears, penguins and seals. You would be unlucky if you didn't see any seals. The polar bear lives in the cold, snowy Arctic lands in the North Pole. It has a thick layer of fat underneath its skin and this helps to keep it warm. It also has a thick layer of fur all over its body, including the soles of its feet, which allows it to swim in the coldest seas without feeling the cold. Beneath the fur the skin is black, so it absorbs heat. Polar bears are excellent swimmers. Their nostrils can close so they can swim underwater and between the ice floes to look for seals, their favourite food. Unlike polar bears, penguins live in Antarctica. Penguins keep warm with thick skin and lots of fat under the skin. Penguins have dark coloured feathers on their back, which absorb heat from the sun to keep them warm. Like polar bears, penguins are excellent swimmers. They have webbed feet and streamlined bodies for powerful and fast swimming. They have different diets, but in general, they all eat a variety of small fish.

1- How do the poles look like?

.....

2- What would you face if you went to the poles in winter?

.....

3- What can you see if you went on a boat trip to the poles?

.....

4- Where do polar bears live?

.....

5- Mention three things make polar bears feel warm?

.....

6- Are polar bears excellent swimmer? Why? Why not?

.....

7- Where do penguins live?

8- Mention three things make penguins feel warm?

9- Are penguins excellent swimmer? Why? Why not?

Q1-B: Read the text and answer the following questions:

Sea turtles are among the most ancient creatures in the world. There are seven species of sea turtles that can be found today and they are found in all waters that are warm. Since the Red Sea's water in Aqaba is constantly warm, it is considered to be the place where sea turtles travel in search of food. All sea turtles have hard shells that protect them from predators. Their shells are also streamlined to help them swim through the water more easily and faster. Their colour differs depending on the species; they could be yellow, green or black. Unlike other turtles, sea turtles cannot hide their legs and head inside their shells because they have flippers that direct them smoothly while swimming. Those flippers are also built for digging in the sand. Most sea turtles eat small sea animals, such as sponges, jellyfish, snails and shrimps. Other sea turtles feed on sea plants and grasses, such as seaweed. Surprisingly, sea turtles can live up to 80 years and can weigh up to 200 kilogrammes!

1. How many kinds of sea turtles can be found today?

2. Why do sea turtles travel to Aqaba?

3. What are the importance of their shell?

4. Why don't they hide their head inside their shells?

5. How can sea turtles use their flippers?

6. What do sea turtles eat?

7. What do the underline pronouns refer to?.....

VOCABULARY

Q2: Fill in the blanks with the suitable word:

Predator polar wildlife spectacular absorb

1. If you climb the mountain, you'll enjoy a ----- view.
2. Sponges ----- any water quite well, since it is designed for exactly that purpose.
3. The ----- bear is looking for food in the snowy woods where it is difficult for any animal to survive.
4. Because the wolf is a -----, its diet consists of the weaker animals it kills.
5. Protecting the ----- is important because humans can't survive without plants and animals.

STRUCTURE

(10 Marks)

Q3. Use if clause/type 2 to correct the following verbs

- a) If dad ----- (work) harder, he ----- (not have) to ask his boss for more money.
- b) I ----- (see) my friends more often if I ----- (have) more free time.
- c) I ----- (eat) the meat if it ----- (not be) so salty.
- d) If she ----- (ask) for more help, I ----- (not turn) her down.
- e) If I ----- (know) her address, I ----- (send) her an invitation.
- f) If he ----- (not be) afraid of heights he ----- (travel) by plane.
- g) I ----- (take) more photos if the camera -----.(work)
- h) If I ----- (give) my son a lot of money, he ----- (spend) all of it.
- i) I ----- (try) to get a better job if I ----- (have) a university degree.
- j) Jane ----- (be) very happy if someone ----- (offer) her a job.

Answers

Q1-A: Read the text and answer the following questions:

1. How do the poles look like?

Both are places of extreme cold.

2. What would you face if you went to the poles in winter?

You would probably experience severe snowstorms.

3. What can you see if you went on a boat trip to the poles?

You would be able to observe the unique wildlife of these places, like polar bears, penguins and seals.

4. Where do polar bears live?

The polar bear lives in the cold, snowy Arctic lands in the North Pole.

5. Mention three things make polar bears feel warm?

It has a thick layer of fat underneath its skin, it also has a thick layer of fur all over its body and beneath the fur the skin is black, so it absorbs heat.

6. Are polar bears excellent swimmer? Why? Why not?

Yes, they are. Because their nostrils can close so they can swim underwater and between the ice floes.

7. Where do penguins live?

Penguins live in Antarctica.

8. Mention three things make penguins feel warm?

Penguins keep warm with thick skin and lots of fat under the skin.

Penguins have dark coloured feathers on their back, which absorb heat from the sun to keep them warm.

9. Are penguins excellent swimmer? Why? Why not?

Yes, they are. They have webbed feet and streamlined bodies for powerful and fast swimming.

Q1-B: Read the text and answer the following questions:

1. How many kinds of sea turtles can be found today?

There are seven species of sea turtles that can be found today

2. Why do sea turtles travel to Aqaba?
Since the Red Sea's water in Aqaba is constantly warm
3. What are the importance of their shell?
To protect them from predators. Also, their shells are streamlined to help them swim through the water more easily and faster.
4. Why don't they hide their head inside their shells?
Because they have flippers that direct them smoothly while swimming.
5. How can sea turtles use their flippers?
Flippers direct them smoothly while swimming. Those flippers are also built for digging in the sand.
6. What do sea turtles eat?
Most sea turtles eat small sea animals, such as sponges, jellyfish, snails and shrimps.
7. **What** do the underline pronouns refer to?
It: Aqaba them: sea turtles they: sea turtles

Q2: Fill in the blanks with the suitable word:

1. **spectacular**
2. **Absorb**
3. **polar**
4. **Predator**
5. **wildlife**

Q3. Use if clause/type 2 to correct the following verbs

- a) If dad **worked** (work) harder, he **wouldn't have** (not have) to ask his boss for more money.
- b) I **would see** (see) my friends more often if I **had** (have) more free time.
- c) I **would eat** (eat) the meat if it **wasn't** (not be) so salty.
- d) If she **asked** (ask) for more help, I **wouldn't turn** (not turn) her down.
- e) If I **knew** (know) her address, I **would send** (send) her an invitation.
- f) If he **wasn't** (not be) afraid of heights he **would travel** (travel) by plane.
- g) I **would take** (take) more photos if the camera **worked**. (work)
- h) If I **gave** (give) my son a lot of money, he **would spend** (spend) all of it.
- i) I **would try** (try) to get a better job if I **had** (have) a university degree.
- j) Jane **would be** (be) very happy if someone **offered** (offer) her a job.
